

Te Pūkenga

# Study with us

IN 2023

[whitireiaweltec.ac.nz](http://whitireiaweltec.ac.nz)

# Nau mai haere mai ki Te Pūkenga

## Welcome to Te Pūkenga

Te Pūkenga is building a national network of integrated learning in Aotearoa New Zealand that better meets the needs of learners, their whānau, employers and the community.

By bringing together on-the-job, on campus and online learning, Te Pūkenga is creating a network that gives learners more choices and flexibility in what, where and how they learn.

**Open Polytechnic**  
KURATINI TUWHERA

**Te Pūkenga**

TOI-OHOMAI

Please note our programmes of study are currently under review as part of the reform of vocational education training. The objective is to provide one programme for Te Pūkenga that is portable, consistent, and more closely aligned with the needs of industry. As the review is ongoing, this prospectus is correct at the time of publishing but the courses outlined may change over time.

**Learn with purpose**

[tepūkenga.ac.nz](http://tepūkenga.ac.nz)

## Kia ora huihui mai tātou.

It's my pleasure to be able to provide an introduction in this 2023 prospectus and welcome you to Te Pūkenga, nei te reo rāhiri e rere atu ana – nau piki mai, nau kake mai ki Te Pūkenga.

In 2020, the government reviewed the vocational education system in Aotearoa New Zealand and made some significant changes for how it would work in the future.

One of those changes was the creation of Te Pūkenga, New Zealand institute of Skills and Technology. The change meant that all of the country's Kura Tini, Institutes of Technology and Polytechnics, such as Whitireia and WelTec, as well as some of the country's Industry Training Organisations which focus on work-based learning such as apprenticeships, will now sit within one organisation – Te Pūkenga.

By bringing these organisations together, it means we can create a national network of on-the-job, on campus and online learning opportunities that give learners more choice and flexibility in what, where and how they learn throughout Aotearoa New Zealand.

For those of you thinking of enrolling with Whitireia or WelTec for study in 2023, this means you are going to be enrolling with a national organisation

and you will receive a qualification from Aotearoa New Zealand's largest education provider, Te Pūkenga.

You'll still be able to study in Wellington or Porirua but you'll have the additional benefits that come from being part of a national network - such as more support, more study options and increased ability to switch between different types of learning if your circumstances change.

A national network means we can plan better for the future needs of Aotearoa. We want to make sure that when you enrol in a programme, you are gaining skills that are needed by Aotearoa and around the world – giving you more job security and ultimately increasing your opportunities for success.

Our transformation is a journey that will take time but one thing is clear, everything we do is centred around our learners and their whānau. We have a relentless focus of equity and we're setting the foundations to deliver to Te Tiriti o Waitangi and its principles, and most importantly to the aspirations of Māori learners, their whānau, and iwi/hapū.

Throughout this prospectus you may notice that a number of programmes are changing.

We are unifying programmes to make sure they are consistent across the country. This means if your circumstances change, you'll be able to continue with your study rather than having to start again. It's just one of the ways we are working to make learning fit around life, rather than making life fit around learning.

Whether you're looking to continue with your study or try something fresh, we look forward to you joining Te Pūkenga whānau and being part of this transformational journey with us.

Mā te kimi ka kite. Mā te kite ka mōhio. Mā te mōhio ka mārama – Seek and discover. Discover and know. Know the world of light is yours to behold.

If you have any questions or want to find out more about Te Pūkenga, visit our website [tepukenga.ac.nz](http://tepukenga.ac.nz) or email us at [info@tepukenga.ac.nz](mailto:info@tepukenga.ac.nz) – we'd love to hear from you.

**Peter Winder**  
Acting Chief Executive

# Our stories

## Ā MĀTOU KŌRERO AKE

---

As the regional representative for vocational education in the lower North Island, we are proud stewards of our collective whakapapa. Owning our collective histories and aspirations for the future through acknowledging people, place, culture and values.

We would like to thank our iwi partners Ngāti Toa Rangitira (Porirua) and Te Rūnanga o Te Āti Awa (Lower Hutt) for all the hard work they do ensuring relationships with ākonga (students) and community remain strong as we transition into Te Pūkenga.

Whitireia has always been proud of its history. From the beginning, it could be said that Whitireia had a sense of belonging to something older and more ancient than itself, taking on a name that, as Ngāti Toa Rangitira kaumātua Ihakara Arthur described it, was from the ngā atua, the gods. The very role was given to Whitireia, or Parumoana as it was then briefly known, to provide Porirua and the surrounding region options in tertiary education. It was a mandate that facilitated a belief that what began with a historic groundbreaking one cold dawn in 1985 and would continue to grow from strength to strength.

WelTec was one of New Zealand's oldest tertiary education institutions and the second-oldest in Wellington. WelTec has changed over the years but has always focused on teaching real skills. For over a century WelTec has provided high-quality education. Even though WelTec has transitioned to Te Pūkenga, the focus remains focus remains on providing ākonga with quality education, connecting in with industry and community.

We have delivery sites throughout the Wellington region which includes the Porirua (Whitireia) campus, Kensington Avenue and Construction Campuses in Petone, Avalon Studios and the Te Auaha and Hospitality sites in the heart of the CBD.

As of 1 September 2022, Whitireia and WelTec have fully transitioned to Te Pūkenga. While we may have been woven into a greater whole, our focus continues to be providing you, our ākonga with quality education, connecting you to industry and setting you up for your chosen career. We offer certificates, diplomas, degrees and postgraduate programmes.

The tohu featured is designed by Manukorihi Winata (Ngāti Raukawa, Te Āti Awa, Ngāti Awa, Ngāti Tūwharetoa). The artwork, 'Kaitiakitanga', represents our Whitireia and WelTec kaimahi, guiding and feeding ākonga nutriment and growth through their learning journey.

Learn more about our tohu on our website.

# Our delivery sites

## A MĀTOU WĀHI WHAKATAKI

We have many delivery sites across the Wellington region, allowing specialised and tailored learning in industry leading facilities.

The Whitireia site in Porirua is the base for most of our Health and Social Services programmes. Located just 20 minutes from Wellington City, and looking out over Te Awarua o Parirua towards Whitireia peak, the Whitireia delivery site is one of New Zealand's most beautiful sites for vocational learning.

The Petone delivery site is located in the vibrant suburb of Petone. The area is full of cafés, bars and restaurants as well as being home to the Lighthouse Cinema, Remutaka Cycle Trail and Petone Settlers Museum. The Petone delivery site specialises in teaching business, IT, built environment programmes, engineering trades and hair and beauty salons.

Our Construction site is one of the biggest trades training facilities in Aotearoa. The facility is located on State Highway 2, just minutes from Petone railway station with lots of parking available. Students learn through tailored workshops that develop skills in carpentry, painting, decorating and tiling. The facility opened in 2015 and is only a few minutes' drive from the Kensington Avenue (Petone) delivery site.

Our Te Auaha site delivers our Cosmetology, Creative and Performing Arts programmes. Located right in the heart of Wellington City. Situated on the corner of Cuba Street and Dixon Street, it's just around the corner from Wellington's best loved bars, venues restaurants, shops and attractions. Te Auaha facilities include two theatres, 55-seater cinema, exhibition gallery, performance spaces, hair and beauty salons and a barbershop.

Our modern Hospitality site is located on Wellington's famous Cuba Street, just a 15-minute walk from Wellington railway station. Being on Cuba Street means our hospitality and culinary arts students are learning in the thick of the action – a dynamic and constantly changing environment that only the Wellington CBD can provide.

Screen production students study all things film at Avalon studios. Situated in the Hutt Valley students will be taught about the New Zealand film environment, editorial and on-set production processes and scriptwriting, all while working with top-line filming and editing equipment.

# Tautoko mā ngā ākonga Māori

## STUDENT SUPPORT MĀORI

**Nau mai, haere mai.** Our Tamaiti Whāngai team (WelTec) and Te Awarua support team (Whitireia) will help support and guide ākonga Māori on their learning journey.

### By Māori, for Māori

No matter what campus ākonga Māori find themselves on, whether it's the Porirua, Petone or CBD campuses, our Māori engagement teams are here to provide support. This approach resonates most deeply with ākonga Māori, giving them the cultural and support frameworks to allow the best possible success in their study journey.

### Wai Ora services

We recognise the needs of ākonga Māori. The freshly launched Wai Ora service provides a way to meet the unmet mental health and hauora needs of ākonga Māori and Pacific ākonga. This service is offered on all of our campuses. Ākonga are able to use this service as part of a group, individually, in-person or online.

## Where to find us

Our Tamaiti Whāngai engagement advisors and Te Awarua teams are located on the main Porirua and Petone campuses.

You'll be able to find the majority of the Tamaiti Whāngai team on the ground floor of T Block, in the hub area. There you will be able to walk in, have a hui and ask any question you might have.

For those who have enrolled with WelTec and are studying on the Porirua campus, the Tamaiti Whāngai team also have a space in the trades area, the office can be found at D326, next to the Campus Services area.

Te Awarua is our Ākonga Māori support centre based at the Porirua Whitireia campus. The team from Te Awarua support the success and development of all ākonga Māori studying at Whitireia and provide a range of academic, pastoral, cultural and mentoring support. The team can also offer advocacy internally and externally as required.

Te Awarua is an iwi-led centre and provides active partnerships between Whitireia and Te Rūnanga o Toa Rangatira.

# Student Support Pacific

We are leading the way in making meaningful connections with and for our ākonga Pacific. By enabling a strong community presence, we can help our Pacific ākonga with the best possible study and pastoral care. Get in touch with the team:

✉ [PacificStudentSupport@wandw.ac.nz](mailto:PacificStudentSupport@wandw.ac.nz)

## Celebrating Pacific languages and cultures

Each year our institutes celebrate nine Pacific language weeks in partnership with Porirua City Council and local cultural communities. Ākonga across our campus' will enjoy a mix of online, face-to-face activities and food.

## Working with communities

Our Pacific team are active members of their communities. They engage in local events and matters of interest, keeping up to date with the needs of the area. Being part of the community, our team will often already have knowledge of our ākonga, their strengths and what they might need a hand with in order to excel with their studies.

Our inter-connectedness with community, leaders of education and industry allows our learners the chance to see Pacific role models excelling in industry – giving our ākonga drive and inspiration to achieve their own goals.

## Serving students

Having been welcomed through the official pōwhiri and mihi whakatau, Pacific ākonga receive a Turou (welcome) and introduction to the institutes, our staff and their peers. With over 200 ākonga attending a wonderful sense of belonging is created from day one!

Pacific Engagement Advisors work across our Porirua, Petone and CBD campuses. The advisors will be able to help with any study or pastoral related topics.

We have designated spaces on campus for our Pacific learners to come and be amongst peers, get some study done or even talanoa with graduates and tutors. There is the Pasifika Centre in Petone and Ako Ake in Porirua. The advisors will connect ākonga who need further support to local Pacific service organisations.

## Celebrating achievement

Falarazzi is the signature event where we celebrate Pacific achievement with our wider community. It recognises not just the students' successes but is the opportunity for the whole family to get involved. Community leaders, government representatives, Pacific diplomats, alongside grandparents, children and partners all attend which gives the celebration a true community feel. It's certainly one of the most colourful events of the year!

We are proud of our relationship with Aniva Future Leaders Tupu Toa, Tupu Tai and key Government scholarship sponsors which allow our ākonga and graduates access to internships and post-study options. These relationships ensure our ākonga are set up to achieve the next stage of their journey.

# Student Support

## TAUTOKO MĀ TE ĀKONGA

---

### Careers support

Our Careers Advisor can help you identify career and employment options that meet your interests and values. Make an appointment to discuss your CV, cover letter and interview preparation.

### Counselling

We offer a range of free and confidential counselling services, both on and off campus, that are available to all students.

### Learning Support

We have a dedicated team of learning advisors to support your academic learning needs. Whether it's time management, report or essay writing, referencing, maths or study skills, we can help. Make an appointment at any helpdesk, via telephone or via email.

### Libraries

Our libraries provide you with a range of high-quality print and digital information resources to support your learning. Library staff can also help you to build your information skills: how to access, select and use information and how to acknowledge it.

### Student leadership

We want to hear all about your learning experience. Each programme elects a student voice representative who is the communication channel between you, your class and the institute. You can put forward ideas about teaching and learning, events, activities or anything to do with your study experience. We have a student council who welcomes student participation.

### Wellbeing Support

We want you to be in good health so you can study at your best. We have a number of Engagement Advisors to work with you and support your wellbeing. They provide a range of services to help breakdown any barriers in completing your studies and they help keep you focused, to make the most of the support available to you.

### Childcare Services

We have fully-licensed childcare centres at our Petone and Whitireia campuses. If you're interested enquire early, places are limited.

### Support for learning difficulties, disabilities and mental health

We have dedicated, experienced staff to support you if you have (or suspect you have) learning difficulties, disabilities and/or mental health needs (anxiety/stress). The team will work with you and your tutors to provide appropriate resources and support to help facilitate a successful learning journey. Do make a time to come and see the team as soon as possible so we can ensure that all your support needs are addressed.

## Get in Touch!

You can reach out to our Student Support team about any of the topics listed here through the phone number and email below:

 0800 141 121

 LSS@wandw.ac.nz

# Flexible learning options

## NGĀ KŌWHIRINGA PĪNGORE

---

Many of our programmes have options for ākonga to study flexibly, allowing them the freedom to learn and manage other life commitments.

Each programme on our website lists what flexible study options are available. Some programmes have more face-to-face, on-campus delivery than others and many programmes do require on campus learning. Yet there are many options ākonga can use to enable them to achieve study success.

### Part-time learning

Programmes that enable part time learning allow ākonga to complete their chosen course of study over a longer time period. This allows learners the flexibility to study while managing other commitments. Depending on the programme, part-time options can include a duration of 1-5 years.

### Full-time learning

Full-time study is how many of the programmes are delivered. Ākonga are required to commit the required time studying in order succeed in their study. Full-time learning constitutes on campus study, remote (online) learning or studying as part of a work placement.

### Blended learning

Blended learning allows ākonga to study both on-campus and off site, completing online lectures and tutorials. Programmes with blended learning normally require ākonga to come on to campus to complete block courses during set times. The rest of a blended learning programme is taught online, allowing for flexibility in how ākonga can complete their programme.

### Short courses

Short courses are an excellent way to learn new skills while not having to commit to full time learning. These courses will be available throughout the year, keep an eye out for them on the website.

# Tūāpapa

## FOUNDATIONS FOR SUCCESS

Tūāpapa are short online courses created to help you succeed along your journey. They fill in gaps, help you to build confidence and prepare you for academic success.

Tūāpapa online courses are free, flexible around your needs and provide short, engaging and interactive content across a variety of areas. Currently, we have Tūāpapa courses in:

- Academic Writing (Levels 2-4)
- Academic Research Skills (Levels 3-4)
- The Cardiovascular and Pulmonary System (Level 3)
- The Homeostasis System and Cells (Level 4), and
- The Immune System
- More to Come!

There are also some shorter courses that can help you along your study journey:

- Tools for Study (from Time Management to using tools like Word and Moodle)
- Academic Communication (from APA Referencing to Proofreading and Editing)
- Health Science

All ākonga have free access to Tūāpapa online courses through the Tūāpapa study hub on Moodle. If you are enrolled in any Whitireia or WelTec programmes, you can also enrol in Tūāpapa courses – for free! Just ask.

It might be recommended for you to enrol in Tūāpapa when you talk with us. You can complete Tūāpapa before you start or alongside your study. You can even prepare yourself for study over the summer break by enrolling in Tūāpapa.

Find out more about Tūāpapa by emailing:  
✉ [tuapapa@wandw.ac.nz](mailto:tuapapa@wandw.ac.nz)

*Completion of the Tūāpapa courses will not affect your fees free eligibility.*

# Wellington Trades Academy

TE TOI AHUREWA O TE WHANGANUI-Ā-TARA

Enjoy the benefits of staying at school while you're learning new skills and achieving school qualifications.

Wellington Trades Academy is the perfect gateway initiative allowing ākonga to learn new skills in a subject you're interested in, allowing you to pathway on to further study.

We partner with local secondary schools to provide programmes that allow you to achieve NCEA Level 2, or in some cases Level 3. This will get you ready for employment or higher-level qualifications and training.

You'll study fees free and be provided with subsidised travel assistance subject to meeting Ministry of Education criteria for eligible students.

Courses start at the beginning of each year. Subject areas include:

- Barbering
- Creative Technology
- Salon Environment
- Construction Mixed Trades
- Engineering and Automotive
- Engines
- Introductory Animal Care
- Cooking Cafe Service
- Cookery
- Health Science
- Health Science Anatomy and Physiology

For current information about 2023 options, visit our website:

 [whitireiaweltec.ac.nz](http://whitireiaweltec.ac.nz)

“I really like the creative freedom you have, and how much it's helped me learn the Adobe suite.”

**Jasmine – WTA  
Creative Student**

# Secondary School Engagement

## TE WHAKAHOAHOA KI NGĀ KURA TUARUA

Whether you're unsure of what programme to study, or how to get started on your learning journey, we have a range of study and support options to help you pathway on to higher learning.

### Tasters

We offer Tasters to secondary school students that run ½ day to 1-day. These provide experiences for ākonga in a variety of programmes that we offer.

### STAR

Sample a range of courses while still at school. Gain new skills and earn credits towards NCEA.

Completing a STAR course enables you to progress to more advanced options and gives you practical skills to find work.

If you are interested to know more about either of these options, contact your secondary school Careers Advisor.

### Open Days

These on campus events are the perfect way to become immersed in what Whitireia and WelTec have to offer. People are able to traverse the campus at their leisure, while finding out all they need to know around all types of study options.

Open Days ensure learners, whānau and friends get a taste of a variety of education options. From Nursing to Construction to Business, people are able to enquire about whatever study options they are interested in during these immersive days.

### Schools visits

Our dedicated Pathways team work hard to ensure school aged ākonga are provided with all relevant information regarding what they choose to study.

We know choosing what study path while still at school is a massive decision, which is why our Pathways team engage closely with school aged ākonga, giving them guidance and the latest information in what their potential study options might be once they leave school.

### Our teams are here to help guide you

Whether it's deciding what programme to study, or knowing what sort of support is available, our teams are ready to answer any question ākonga or whānau may have.

Our pathways team are here to help answer questions about study options while still at school. While our enrolment advisors are able to talk to you about the application process.

If it's study support you're wanting more information on, we have dedicated support teams providing support to our communities' diverse cultures.

# Māori and Pasifika Trades Training

Māori and Pacific ākonga looking to learn a trade can apply for a Māori and Pasifika Trades Training scholarship to cover full fees and course-related costs.

Māori and Pasifika Trades Training Scholarship students are supported by both Whitireia and WelTec through the Tamaiti Whāngai team.

The Tamaiti Whāngai team will support you with mentoring, goal setting, pastoral and cultural support. You'll have the opportunity to get your drivers license, site safe and first aid certificates. The dedicated Tamaiti Whāngai Job Brokers have close links with employers and industry and will assist you to find an apprenticeship and/or employment.

Options include\* – Automotive, Bakery, Collision Repair, Construction, Electrical Engineering, Hairdressing, Makeup and Skincare, Mechanical Engineering, Plumbing, Gasfitting and Drainlaying, Painting and Decorating and Tiling.

## Get in touch

✉ [tw@weltec.ac.nz](mailto:tw@weltec.ac.nz)

## Scholarship Criteria

You need to meet the entry criteria for the programme you are enrolling in and be:

- of Māori or Pacific decent
- 16-40 years old at the start of your study
- a New Zealand citizen or permanent resident
- able to meet the entry requirements for your programme

We want you to be passionate and show that you are motivated to succeed.

## Job Brokers

Our Tamaiti Whāngai Job Brokers have close links with employers and information on available jobs for MPTT students.

We thank our iwi partners, Te Rūnanga o Te Āti Awa and Ngāti Toa Rangatira as well as our Pasifika partner, Mafutaga Faifeau Samoa for the support they provide to our Māori and Pasifika Trades Training Scholarship students.

Natalia

- STUDIED **NZ Certificate in Plumbing, Gasfitting and Drainlaying**
- WORKS AS **Apprentice at Hawkins Plumbing**
- AWARDED **MPTT Scholarship**

Find out more about Natalia's story here:

“Studying opened the door to so many opportunities – there are heaps of avenues you can go down. Take your trade skills anywhere in the world and you’ll always have a job.”

# Study Fees Free

## NGĀ KAUPAPA AKO KORE UTU

### Fees free study eligibility

If you're new to tertiary study, or you've previously done less than six months at tertiary level then you might qualify for a range of fees free study.

In order to qualify for fees free study you need to meet the following requirements:

- be allowed to work and live in New Zealand permanently, or be an Australian or New Zealand resident who has lived here for at least three years
- enrol in an eligible qualification
- not be enrolled in school when your qualification starts, and either;
- have been enrolled at school in 2022, or
- have not previously studied or trained for more than 60 credits (except while you were at school)

Find out more information at [www.feesfree.govt.nz](http://www.feesfree.govt.nz)

### Scholarships

You could be eligible to study through a scholarship. Both Whitireia and WelTec have a number of scholarships through community connections. Check out our website for more information.

### Youth Guarantee

#### Are you 16-19 years old?

Youth Guarantee enables you to train fees free for two years in a range of practical programmes. Complete an introductory programme at level 1 or 2 and then choose from a wider selection of level 3 options.

Youth Guarantee can help cover your fees, course-related costs and travel. This could be ideal if you want to keep learning, but feel school is no longer for you.

Options include\* – Automotive, Construction Trades (Carpentry, Electrical, Painting, and Decorating, Plumbing, Tiling), Cookery, Hairdressing, Hospitality, and Mechanical Engineering.

# Change the course of your life

## HE ARA HOU, HE ORANGA HOU

---

### Helping to choose your path

We have a long and proud history of being part of the vocational life change that so many people seek. Whether it's your first qualification, upskilling or even tasting what learning is about through Tūāpapa, we're here to support you as you seek your dream job, education and life journey.

So why not talk to us about what you hope to achieve, what you want to do and the support and resources you need to help you achieve your dream career.

### Speak with our team

We have specialist staff who are prepared to sit with you, talk over the phone with you or just listen to hear your story. We want to hear what you want to achieve. We're able to sit with you and plan out a programme of study, which will be tailored to suit your goals.

Don't let your school experience, journey or achievements dictate what you're able to achieve. With Whitireia and WelTec, your life experience matters too. We have a number of different entry points into our programmes and courses. From academic achievement, to special admission and discretionary admission. What matters to us more is what you want to achieve, not what you've started with.

When it comes to choosing the right programme, we encourage all our ākonga to start the discussion with us, with your destination in mind. Let's make a plan towards that destination with you at the centre.

# Alex Heijdenrijk

STUDIED **NZ Diploma in  
Architectural  
Technology**

WORKING **Balance Design**

Find out more about Alex's story here:

“I've always been interested in the built environment. I was big into drawing as a kid and grew up in a creative family. At WelTec I learnt everything I needed to design houses. We were given all the background knowledge of construction and how to build a house as well as all the programmes and the way the drawings come together, all necessary and invaluable learnings.”

# Built Environment

## Quantity Surveying

---

### NZ Diploma in Construction Quantity Surveying

📖 LEVEL 6 ⌚ 2 YEARS, FULL-TIME, PART-TIME 📍 PETONE

Study quantity surveying and learn skills that are in high demand. Learn about quantifying projects, estimating building costs, tendering and administering contracts.

## Architectural Technology

---

### NZ Diploma in Architectural Technology

📖 LEVEL 6 ⌚ 2 YEARS, FULL-TIME, PART-TIME 📍 PETONE

Learn how residential and medium buildings are designed. Develop technical drawing skills using the latest computer aided design (CAD) software. Build your portfolio and let your skills take you places in this exciting industry.

# Engineering

## Engineering

---

### NZ Diploma in Engineering – Civil

📖 LEVEL 6 ⌚ 2 YEARS, FULL-TIME 📍 PETONE

Become an engineering technician, specialising in civil engineering. Learn highly sought-after skills, that will allow graduates to work on engineering projects in Aotearoa and around the world. The Diploma is accredited nationally and internationally.

### NZ Diploma in Engineering – Mechanical

📖 LEVEL 6 ⌚ 2 YEARS, FULL-TIME 📍 PETONE

Become a fully qualified mechanical engineering technician. Put engineering theory into practice and perform technical mechanical operations to professional standards. The Diploma is accredited nationally and internationally.

# Business

## Business Administration

---

### NZ Certificate in Foundation Skills [Business and Computing]

📖 LEVEL 2 ⌚ 17 WEEKS, FULL-TIME, PART-TIME 📍 PORIRUA

This practical hands-on programme will help you gain literacy, numeracy and employment skills, with a focus on business and computing. Get prepared for entry-level office admin or IT positions or continue your study journey to higher-level programmes.

### NZ Certificate in Business (Administration and Technology)

📖 LEVEL 3 ⌚ 17 WEEKS, FULL-TIME, PART-TIME 📍 PETONE, PORIRUA

Gain the skills to be a front-line superstar in any office. Build confidence with business basics no matter what your experience level is. Learn with like-minded individuals in a practical environment.

### NZ Certificate in Business (Administration and Technology)

📖 LEVEL 4 ⌚ 17 WEEKS, FULL-TIME, PART-TIME 📍 PETONE, PORIRUA

Become an asset for any business with the knowledge and skills to be a problem solver. Perform financial calculations, learn the software to maintain administrative systems and develop your communication skills to a professional standard.

### NZ Certificate in Business (Administration and Technology) – Workplace\*

📖 LEVEL 3 ⌚ 1 YEAR, FULL-TIME 📍 PETONE 🔄 MPTT

Learn the introductory skills needed to progress on to an engineering apprenticeship. This programme teaches you how to carry out engineering tasks, and the importance of health and safety. You'll also get to work on a range of projects, using relevant tools, machinery and materials.

### NZ Certificate in Engineering Fabrication (Trade) with Strands in Heavy Fabrication, Light Fabrication and Steel Construction

📖 LEVEL 4 ⌚ 3-4 YEARS, PART-TIME 📍 PETONE

Build on your already extensive mechanical engineering skills. This apprenticeship programme allows you to study while continuing to work with your employer. Specialise in fabrication processes and become a fully qualified fabrication engineer.

## Plumbing and Gas-fitting

### NZ Certificate in Plumbing, Gasfitting and Drainlaying (Pre-Apprenticeship)

📖 LEVEL 3 ⌚ 22 WEEKS, FULL-TIME 📍 PETONE 🔄 MPTT

Take the first step in getting ready for an apprenticeship. Learn basic skills and procedures in plumbing, gasfitting and drainlaying by assisting with installations in each area. Learn how to apply ethical and legal practices to your work while identifying hazards when completing jobs.

## Tiling

### NZ Certificate in Construction Trade Skills Tiling

📖 LEVEL 3 ⌚ 17 WEEKS, FULL-TIME 📍 CONSTRUCTION 🔄 MPTT

Get the introductory skills that will set you up as a successful tiler. Develop skills around tiling techniques. You'll become familiar working with various materials; ceramic tiles, waterproofing membrane, epoxy grouts and tile trims. Qualified students can then go on to an apprenticeship.

## Painting and Plastering

### NZ Certificate in Construction Trade Skills Painting and Decorating

📖 LEVEL 3 ⌚ 17 WEEKS, FULL-TIME 📍 CONSTRUCTION 🔄 MPTT

Get skills to be able to professionally prepare surfaces and paint interior and exterior materials. This programme allows students to practice on real projects, developing skills in painting and decorating. After qualifying, students may go on to an apprenticeship in the Painting Industry.

### NZ Certificate in Construction Trade Skills Plastering

📖 LEVEL 3 ⌚ 17 WEEKS, FULL-TIME 📍 CONSTRUCTION 🔄 MPTT

Develop plastering skills so you can start working in the industry. This programme will teach students how to use a variety of plastering compounds and tools for both interior and exterior work, and how to install plasterboard and GIB core. After qualifying, students can progress on to an apprenticeship.

# Veterinary Nursing

## Animal Care

---

### **NZ Certificate in Animal Care (Companion Animals)**

📖 LEVEL 3 ⌚ 17 WEEKS, FULL-TIME, PART-TIME 📍 PETONE

This programme will give you an entry-level animal care qualification. It will also give you a taste of the wider range of animal-related qualifications available and allow you to get a feel for tertiary study before attempting higher-level qualifications.

## Animal Health Care Assisting

---

### **NZ Certificate in Animal Health Care Assisting (Companion Animals)\***

📖 LEVEL 4 ⌚ 1 YEAR FULL-TIME, 2 YEARS PART-TIME 📍 PETONE

Study as an animal healthcare assistant to support veterinary nurses and veterinarians. You will learn a range of clinical and husbandry skills in both the classroom and work placement setting for a range of companion animals.

## Veterinary Nursing

---

### **NZ Certificate in Animal Technology (Veterinary Nursing Assistant)**

📖 LEVEL 5 ⌚ 1 YEAR, FULL-TIME 📍 PETONE

Study to become a veterinary nurse assistant and learn and practice a range of clinical skills in both classroom and workplace settings. After completing this programme, you'll be able to apply for registration with the New Zealand Veterinary Association as a Veterinary Nursing Assistant.

# International on-shore ākonga

## NGĀ ĀKONGA TUAWHENUA

### Orientation

Before classes officially begin, we hold orientations for international ākonga. You'll be able to tour the campus, becoming familiar where everything is. You'll also meet your new classmates, tutors and also chat with the international support advisors. It's the perfect way to ease into your new study journey, while potentially being able to meet new people and foster new connections.

### Study Support

Our specialist international student advisor team will be able to help with any questions new or current international ākonga may have. It doesn't just have to be about study, the team can provide advice on any questions or concerns around adapting to studying and living in Aotearoa New Zealand. Other pieces of advice our team are able to give include:

- student visa and insurance information
- programme advice
- tuition fees
- homesickness or cultural questions around adjusting to living in Aotearoa New Zealand.

### Accommodation

It's important to arrange where you're going to stay before arriving in Aotearoa New Zealand. As part of our service to our international ākonga, the international support team is available to help with your accommodation needs. The team will also help in assisting you to settle into whatever accommodation you choose, providing life advice around budgeting, rent responsibilities, furniture and travel options to and from campus.

### We're here to help

For more ākonga support refer to page 10 or contact the international student advisors:

☎ **04 920 2505**  
✉ **international.support@wandw.ac.nz**

For more detailed information check out the Whitireia and WelTec website:

# Our graduates

## NGĀ AMORANGI

---

We love celebrating successes with our ākonga. Graduating from a programme, whether it's a certificate, diploma or degree is a fantastic achievement and is something everyone should be extremely proud of. Graduation is the perfect way to share that success with you and your whānau.

### Recognising your achievement

We know our graduands put in the hard mahi, pulling long hours to complete their projects, and in some cases overcoming adversity along the way. Graduation is the opportunity to celebrate and reflect on your achievements throughout your study journey.

### Celebrating success

We have graduation ceremonies and end-of-year celebrations for graduands to come together with their class peers, friends and whānau to collectively celebrate their success.

### Showcasing our vibrant cultures

Falarazzi is the signature event where we celebrate Pacific achievement with our Pacific ākonga and the wider community. It recognises not just the students' successes but is the opportunity for the whole family to get involved. It's certainly one of the highlights in the year. Check out the Student Support Pacific section (page 8) for more information around our Falarazzi celebrations.

### Making memories

We partner with professional photography agencies to ensure you have the best memories of your special day. There are opportunities for photos during the ceremony, and at the reception afterwards.
